## SAYS TERZICH KILLED MINER

Witness in Butte Case Tells of  
Murder of June 23

Ouster proceedings filed in a Butte court to impeach Sheriff Timothy Driscoll, of Silver Bow county, because of his alleged inactivity to quell the riots of last June at the time of the disruption of the Butte Miner's union, will be of particular interest locally because of the fact that the sheriff formerly resided in this district. During the hearing this week, the name of Terzich was linked with the murder of Ernest Noy, a miner who was shot to death in the rioting in the Union hall. Describing the proceedings, the Butte Daily Post says:

Interesting testimony giving a version of the shooting of Ernest Noy during the rioting that resulted in the dynamiting of Miners' union hall on June 23 last was brought out in the trial of the ouster proceedings against Sheriff Timothy Driscoll before Judge Ayers this morning.

Through the testimony of William Grant Hoage, a public accountant living at 327 North Alabama street, it was sought to show that Sheriff Driscoll knew or at least had reason to believe the identity of the slayer of Noy was known. Hoage testified that he held a conversation with a man, a stranger to him, in the street near the Miners' Union hall shortly after the shooting of Noy. Hoage declared that Sheriff Driscoll stood beside him during the conversation and heard what was said.

"The man I spoke with was tall and dressed in a blue suit," testified Hoage. "I do not know his name. In the course of the conversation I asked him: 'Who do you suppose shot this man Noy?' He said: 'I know.' I said: 'How do you know?' He said: 'I was right behind this man Noy and I happened to look up and saw a Winchester pointing out of the window. I saw a man, Terzich, with a Winchester at his shoulder, apparently pointed at me. I thought he had a bead on me and dropped to the sidewalk. With that the gun went off and this man Noy fell.'"

Friends of Yanco Terzich, a member of the executive board of the Western Federation of Miners, who was in Butte at the time of the blowing up of the hall, declared that he could not have been the man referred to by Hoage in his testimony.

Hoage gave a graphic description of other events of the night and ventured the opinion that with 25 or 30 men Sheriff Driscoll could have stopped all the trouble, had he handled them properly just as the trouble was about to start.

**PLENTY OF ROLLER SKATES.**  
Colosseum Secures Use of Almost 500 Pairs for Patrons.

In connection with the reopening of the Colosseum rink for roller skating on Monday evening, it is announced that the management has secured 200 additional pairs of skates, making a total of close to 500 pairs of skates available for the rink patrons on this evening. The announcement is very pleasing to rink patrons, assuring them they will be almost certain to secure satisfactory skates. Heretofore the demand for skates has greatly exceeded the supply.

The new floor at the rink will be one of the finest in the entire state for roller skating. It will practically eliminate the dust, which has so inconvenienced the skaters on the cement floor.

**MARRIAGE AT BUTTE.**

Word has been received here of the recent marriage at Butte of Miss Hazel May Mehrens, formerly of Calumet, to Patrick McGreevy of Anacostia. Rev. Fr. Pirnat officiated. The bride was attended by Miss Irene Lapko, while Patrick Heaney attended the groom. Mrs. McGreevy is well known in Calumet, having resided here practically all of her life.

**MOVING ALLOUEZ CHURCH.**

Splendid progress is being made by Contractor Wallace of Houghton with the moving of the Allouez M. E. church to a site nearer Ahmeek. The building was placed on rollers Wednesday and has now reached the Allouez store. As some slight improvements are contemplated, it is unlikely the work will be completed for about three weeks.

**CALUMET FUNERALS.**

The funeral of Fred Davies of Ahmeek, who died suddenly yesterday, will be held Monday afternoon from the Bryant residence, with services in charge of Rev. Isaac Wilcox.

The funeral of the young son of Mr. and Mrs. John Semmons of Sweden will be held Sunday afternoon with services from the residence in charge of Rev. Polglase.

**GOOD MUSICAL NUMBERS.**

Two splendid musical numbers will be a feature of the men's prayer service at the Calumet Y. M. C. A. at 4 o'clock tomorrow afternoon. The first will be a tenor solo, "Forever With the Lord" by Gounod, rendered by George Semmons. There will be another number, "Sweet Sabbath Eve," by a male chorus.

There will be a car of fresh fruit and vegetables at the Mineral Range yard Monday morning.

## FACTS BROUGHT OUT BY INQUEST

Coroner's Jury Probes Death of  
Little Centennial Lad

"Cyril Strike came to his death by the loss of blood and the great shock of being run over by a locomotive, his right foot being caught in the county road crossing, Wolverine, while trying to get out of the way of the oncoming train."

Above is the verdict returned by a coroner's jury composed of Floyd Loch, Richard Hall, Clarence H. Cook, Ernest Stevens, Walter Treglow and Christ Schenk, after holding an inquest this morning in the office of Coroner Fisher, into the circumstances of the death of the little Centennial lad who met death as a result of an accident at Wolverine this week.

George Crocker, a playmate of the victim, who was with him at the time of the accident, probably was the most important witness. He testified that himself, his younger brother and the Strike boy were proceeding along the county road towards their home in Centennial and when they reached the railroad crossing, they noticed the locomotive just rounding a curve some distance away. All three stood on the track at the crossing and watched the engine approach until about two car-lengths away. Then, just as they were attempting to step from the track, the Strike boy's foot caught between the rail and a plank and he was unable to remove it. With presence of mind the lad attempted to remove his shoe, the Crocker boy helping him, but before they succeeded the engine was upon them. The Strike boy threw himself away from the engine but was severely hurt.

Members of the engine crew testified the locomotive was travelling at a rate of about seven miles an hour. The emergency brakes were applied and every effort made to avoid the accident, the circumstances of which they related substantially as above reported.
